DOLLIE GRAVES, a pretty young lady of respectable parentage, at Springfield, committed suicide Thursday afternoon of last week on account of jealousy of the man with whom she had been living. Her correct name is Emma Gray and she is well connected.

WM. QUEER, of Canton, an undertaker, 76 years old, was lassoed, gagged and fearfully clubbed in his barn by a strange mulatto Thursday evening of last week. The victim will probably die. The assailant escaped. The motive is a mystery. The assassin is thought to be at Quincy, Ill.

Was the Infanta Pretty?

An Iowa lady answered this query thus: She had a lovely complexion but no better than all my girls have since they began to use Park's Tva. It is wonderful how pretty they look now. Sold by W. C. Gaston.

LOWER California has just been bought for 45 million dollars by an American-English syndicate, which wishes to have the peninsula annexed to the United States. Such is the report sent out from San Francisco. Baron Worms is named as the head of the syndicate.

JOHN POINTER, who, with Henry Starr and Kid Wilson, tried to break jail at Fort Smith the other day, is a son of respectable parents living in Dallas county, Mo. John went wrong, however, and has been sentenced to death for murder committed in the Indian country.

It is proposed to take the Viking ship down the Mississippi some time this fall. It is to go by canal into the Illinois, thence to the Mississippi to New Orleans and around the coast next spring to Boston, where a pilgrimage will be made to all places connected with Erickson's visit. It will sail for Norway in time to celebrate independence day, May 17th.

Miss MANIE McCARY, for the past five years stenographer in the St. Louis office of the Cairo Short Line, and Dr. James B. Vernon, a well-known dentist of St. Louis, were married at the home of the bride's parents, Judge Boyd McCary and wife, at Fayette, Mo., Wednesday of last week.

THE accusation made against four Holstlaw brothers, of Marion county, Illinois, by Fred Smith that they had brutally treated him by putting a rope around his neck and threatening to hang him unless he confessed to stealing \$335 from their father, caused quite a sensation, at Salem, last week where the parties are all well-known and highly respected.

THE new towns in the Cherokee strip that have been ignored by the railways will probably soon get relief as United States District Attorney Speed, of Oklahoma, announces that unless the railway companies at once give the towns proper facilities and accommodations he will bring suit to compel them to do business properly or forfeit their charters.

THE coal miners at Bevier, Mo. are still out and James E. Jones, chairman of the miners' committee appointed to confer with the operators, stated the other day that the miners were determined to win this time even if they have to remain out all winter to do so. The operators assert that they will not pay the increase of 10 per cent. per ton demanded by the miners.

THE muddle over the receivership of the Home Savings and Loan association, of St. Louis, has reached the supreme court which is in session at Jefferson City in the shape of a petition for a writ of prohibition on behalf of E. O. Brown, who was appointed receiver of the association by the circuit judge, of the Jasper county court September 28th, last.

S. A. BOUGLASS, a young planter at Kerrville, Tennessee, and James A. Palmer, late assistant attorney-general, had an encounter Wednesday of last week on a Chesapeake & Ohio train near Memphis. Douglass had a gun and Palmer a knife, but they were disarmed by passengers, and a fist fight followed. The trouble grew out of the barn burning around Kerrville.

PRESIDENT ELDER B. V. ALTON, of the M. E. Church, South, makes Warrensburg his headquarters. He is an eloquent, forcible speaker and was practicing law when he felt that he was called to the ministry. For a time he was judge of the criminal court in the Springfield district. Two years ago he was offered \$2,000 a year for the use of his name as a member of a Kansas City law firm, but he declined the offer.

ANTI-SMOKERS cite as one of the evil effects of the use of tobacco the fate of Farmer Skidmore, of Schuyler county, Mo., who, while hanging tobacco in his barn, the other day fell and nearly broke his neck. But the "antis" carefully hide the fact that in this instance tobacco saved his life, as Skidmore fell on a bundle of the weed and thus escaped striking the hard floor.

THE Lexington and Oak Grove baseball teams met in Odessa Wednesday afternoon of last week to play the second series of games. At the end of the fifth inning the Oak Grove club refused to continue the game unless Lexington put in a new umpire, claiming that he was unjust in his decisions. Lexington would not yield. The score stood 10 to 10. A general row was narrowly averted.

JACK BURKE, of Texas, known as the Texas cyclone, defeated Charles Slusher, of Parkersburg, West Virginia, Thursday night of last week in a ten-round prize fight on Blannerhassett island. The mill was for \$200 and the gate receipts, and a large crowd was present. At the close of the fight Slusher challenged Burke to fight again for \$500 a side, which was accepted and the money put up. The time and place will be decided later.

DABNEY PREWETT's ride on a mule in 1879 was more thrilling than the famous John Gilpin's ride. Prewett was on his way to Moberly, but when he reached the M. K. & T. crossing the mule was frightened by a freight train and bolted onto the track in front of the engine. Prewett applied spur and whip, but the engine was too speedy and the mule was killed and Prewett terribly injured. He brought suit in Randolph county and was awarded \$8,500. This was reversed by the supreme court a couple of years ago, and last week he recovered judgment for \$6,000 in the Pettis county circuit court.

MARSHALL, on behalf of the city of St. Louis, Friday of last week filed mandamus proceedings in division No. 1 of the supreme court to compel State Auditor Siebert to draw a warrant on the state treasurer for the payment of \$50,000, appropriated by the legislature last winter for support of the St. Louis insane asylum. The auditor refused to honor the claim some months ago for the reason that the appropriation causes so much trouble every session of the legislature in regard to its constitutionality that he desires a ruling from the supreme court on the matter.

THE broom corn season is at its height now and every year Sullivan, near Illinois, and vicinity is swarmed by the cutters, the greater part of whom are generally very tough men. Late last Saturday night as two cutters were going to the union depot to take a train a man suddenly confronted them with a revolver and demanded the pay which they had drawn that day and their watches, all of which was promptly handed over. The robber was identified as another cutter, name unknown and the police are now after him.

Not being able to talk, the police thought her insane and she was locked up over night. The fright made her crazy. Her mother brought her home two weeks ago, but she never regained her reason.

Bennett, who lives near the village of Clayton, Adams county, Illinois, and with drawn revolvers terrorized a hired man, Mr. Bennett, the latter's wife, their sick son and the hired girl. They riddled the house and then made the girl cook supper for them. The robbers were at the house about two hours. They got a small amount of cash, some clothing, and \$2,800 in notes and checks.
